## OneSight<sup>SM</sup> Preventative Eye Care Programs

OneSight, a Luxottica Group Foundation, is a family of charitable programs dedicated to improving vision through outreach, research and education. OneSight combines more than 20 years of innovation from three former Luxottica charitable programs into one, new global organization. Since 1988, these charitable efforts have provided free vision care and eyewear to more than six million people in need around the world and have granted millions toward research and education. OneSight volunteers give the gift of sight through four program areas:

- **Global Eye Care** – Helping those around the world
- **Regional Eye Care** – Helping those in home countries
- **Community Eye Care** – Helping those in local communities
- **Preventative Eye Care** – Supporting vision care research and education

**OneSight Preventative Eye Care programs** provide research grants to find better treatments and cures for vision-threatening diseases and disorders. OneSight also invests in developing the next generation of optometric professionals through the Dr. Stanley Pearle (Founder of Pearle Vision, a OneSight partner) Scholarship Fund. Millions have been donated to support research and education.

Highlights of the Preventative Eye Care Program include:
