OLIVER PEOPLES PRESENTS THE SUMMER 2019 COLLECTION

Los Angeles, CA – The Oliver Peoples Summer 2019 Collection presents an assortment of frames fit for every look with inspiration taken from the brand's extensive archive and 1960's styling. This season, Oliver Peoples collaborated with the **Cary Grant Estate** to create exclusive frames, the **Cary Grant** and **Cary Grant Sun**. Inspired by the sunglasses Grant wore in the 1959 Hollywood film *North by Northwest*, the iconic design is the epitome of classic style. Custom details and a signature color, "**Grant Tortoise**", were developed exclusively for the collaboration to keep the integrity of the original style worn by its namesake in the film.

The sunglasses category introduces five new styles – **Mehrie, Kallan, Indio, Avri, and Exton**. The category offers a range of thin acetate, refined titanium and bold statement styles with exclusive details. **Mehrie**, an ultra-feminine oversized 70's inspired sunglasses. **Kallan** is an angular shaped pilot sunglasses with a slightly wrapped aesthetic. **Indio** pairs vintage inspired details and a modern lens shape for a lightweight titanium frame, made exclusively in Japan. The **Avri** is the ultimate statement piece with its bold and super rounded plastic cut. **Exton** offers versatility and coverage with its wrapped trend setting design.

The optical category introduces 3 new styles – **Lain, Netta, and Emet**. These styles expand the offering with new titanium and bold acetate styles. Made in Japan, **Lain** is a refined design intricately detailed with the brand's **Palm Springs filigree pattern**. **Netta** exudes a strong personality making it the perfect statement frame. **Emet** is a teardrop design reminiscent of the styles worn by the Hollywood icons of the 60's.

To complete the eyewear offering, the Summer 2019 Collection launches new color additions to Oliver Peoples The Row favorites. The **Aero L.A.**, and **Victory L.A.** are now available in exquisite gradients of marine blue and shale.

Discover the Summer Collection May 2019.

CARY GRANT & CARY GRANT SUN

Inspired by the signature style worn by Cary in the 1959 Hollywood classic North by Northwest. The bold acetate frames are distinctive in their aesthetic and features custom details designed to keep the integrity of the frame.

MEHRIE

An ultra-feminine oversized 70's inspired sunglass. Lightweight metal is detailed with the custom feather filigree pattern that has become a recognizable feature of the brand. Offered in an array of gradient lenses.

KALLAN

The Kallan is an angular lens shape with a slightly wrapped design with polarized and vintage lenses.

INDIO

Vintage inspired details are paired with a modern lens shape to create this unique sunglass. The Indio is lightweight titanium made in Japan frame. Vivid Oliver Peoples premium lenses complete the look.

AVRI

Characterized by its bold and super rounded plastic cut, the Avri is the ultimate statement piece. The vintage shape is accentuated with custom colors including the new Bark and Boudreau Bark acetates.

EXTON

Exton is the perfect balance of classic and fashion. The wrapped lens shape offers coverage while also providing an on trend look.

LAIN

Made in Japan, the Lain is an ultra-refined design. Intricately detailed with custom filigree and made of light weight titanium, the classic lens shape is sophisticated and stylish.

NETTA

The Netta exudes a strong personality with its bold aesthetic. The thick acetate showcases the custom colors and exclusive details including the mid-century inspired corewire.

EMET

A vintage inspired optical frame with a teardrop lens shape. The Emet is reminiscent of the styles worn by Hollywood icons of the 60's. Offered in light wash lenses for a fashion look.
